

CORE OF KNOWLEDGE

£200+VAT

MAPPERLEY PARK®

AESTHETICS TRAINING ACADEMY

EST.1993

Course Overview

The Core of Knowledge Course is an essential requirement for those using Lasers or IPL machines in regulated settings and in some Local Authority licensing schemes.

We strongly advise that a refresher Core of Knowledge course should be attended at least every 3-5 years.

Learning Outcomes

The Core of Knowledge Syllabus sufficiently covers the guidance produced by the Medicine and Healthcare Products Regulatory Agency: Lasers, intense light source systems and LEDs: guidance for safe use in medical, surgical, dental and aesthetic practices.

Course Qualifications/Units

Mapperley Park Academy provide Certification after completion of this course which will be accepted as evidence by regulators and insurers.

Who Can Attend

Delegates with no Laser/IPL experience and with an interest of introduction into the industry, Doctors, Nurses, Health Care Professionals, Experience Practitioners requiring a refresher/CPD Update, Beauty Professionals, Clinic Owners/Managers/Sales/Support, Delegates interested in enrolling on our BTEC Level 4 and 5 courses.

Entry Criteria

No qualifications are required to attend this course.

Additional Information

You will receive comprehensive course material, delegate packs and workbooks detailing all the information needed throughout the course. We will also provide sources of reference material during and after your course. Throughout the day we will provide refreshments and lunch. Our first class training facility at Mapperley Park offers wheelchair access, and Wi-Fi.

The course will take place over 1 day, 3-4 hours in total.
