

BTEC L4 AWARD IN LASERS & LIGHT THERAPIES

£1200 + VAT

MAPPERLEY PARK®

AESTHETICS TRAINING ACADEMY

EST.1993

Course Overview

The Level 4 Course is an ideal course for current practitioners or those who wish to enter into the sector. The course consists of 5 units delivered over three days and provides learners with the opportunity to develop a good understanding of lasers and light and then more specifically how it interacts with tissue.

Successful Outcomes

At the end of the course the delegates will feel confident in their knowledge and understanding of the following areas;

Day 1: Unit 1 (Laser and Light Sectors) & Unit 2 (Features of Lasers and Light)

Day 2: Unit 4 (Light, laser and EM interactions with tissue)

Day 3: Unit 3 (Hazards and controls of lasers and light) & Unit 5 (Consultation and consent)

Course Qualifications

You will receive an SRF BTEC Level 4 Award in Lasers and Light Therapies upon successful completion of the course. Delegates will also receive a Core of Knowledge Certificate of Attendance.

Who Can Attend?

Clinic owners, beauty professionals, Doctors, Nurses, anyone who wishes to work with lasers.

Entry Criteria

Entry on the course is subject to successfully completing the pre-joining initial assessment.

Additional Information

You will receive comprehensive course material, delegate packs and workbooks detailing all the information needed throughout the course. We will also provide sources of reference material during and after your course.

Throughout the day we will provide refreshments and lunch. Our first class training facility at Mapperley Park offers wheelchair access, and Wi-Fi.
